BUREAU OF THE CENSUS

INSTRUCTIONS

FOR COMPLETING FORM C-404, REPORT OF BUILDING OR ZONING PERMITS ISSUED AND LOCAL PUBLIC CONSTRUCTION

GENERAL INSTRUCTIONS

Complete each section by summarizing information for number of buildings, number of housing units, and estimated valuation of construction as taken from building or zoning permits.

If buildings have multiple uses (e.g., combination office and apartment building) classify them according to their primary use.

Enter item in only one category. If you are unable to determine where to classify an item, list it in the comments section.

STRUCTURES TO INCLUDE

Include all types of construction whether privately or publicly owned. Privately-owned construction is defined as all buildings owned by a private company or individual during the period of construction. This includes all "turnkey" housing to be sold when completed to a local public housing authority and housing built by nonprofit organizations. Publicly-owned construction is defined as all buildings owned by a governmental body during the period of construction. *Include a foundation permit only when a separate foundation permit is issued and it has a construction cost.* If it has a construction cost, enter the cost on the proper item line in accordance with the intended use of the superstructure; however, do not enter the number of buildings or housing units. Report the buildings or housing units and the remaining cost of the building in the month the superstructure is authorized. This procedure is to prevent reporting the data twice.

STRUCTURES TO EXCLUDE

Exclude permits for installation of plumbing, electrical, or similar mechanical work, and the erection or placement of manufactured items, such as: fences, signs, tanks, solar panels, roofing, siding, television antennas, etc.

MAILING DATE: Please mail your report on or before the 4th day of the month following the month just ended.

CHANGE IN GEOGRAPHIC COVERAGE OF PERMIT SYSTEM: To report basic changes in geographic coverage of this permit system, mark the "Yes" box and briefly explain under comments; e.g., merger, annexation, incorporation of a permit place from part of unincorporated permit place, discontinuance of permit system, disincorporation, etc. If the geographic coverage of this permit system has not changed during this period, mark the "No" box.

NO PERMIT ACTIVITY: If no permits were issued during the month, mark an "X" in the box provided and return in the enclosed preaddressed envelope.

REVISIONS OF EARLIER MONTH'S REPORT: If revisions of previous month's data should occur, enter the revised information and reference month of original data under "comments."

INSTRUCTIONS FOR CLASSIFYING INFORMATION ON FORM C-404

Section I — NEW RESIDENTIAL HOUSEKEEPING BUILDINGS AND MOBILE HOMES

Classify buildings as described below. Please note that type of ownership (e.g., condominium or cooperative) should not be considered when classifying buildings, and that a housing unit is defined as a single room or group of rooms intended for occupancy as separate living quarters. Separate living quarters are those in which the occupants do not live and eat with any other persons in the structure and which has either (1) direct access from outside of the building or through a common hall, or (2) complete kitchen facilities for the exclusive use of the occupants. Include buildings containing housekeeping units in combination with space for office and professional use, provided the buildings are primarily for residential purposes.

Items 101–102 — One-family houses — Include all one-family houses. Include prefabricated, sectionalized, panelized, and modular homes which are manufactured partially off-site but which are transported and assembled at the construction site. Exclude mobile homes and moved or relocated buildings.

Item 101 — Include all detached one-family houses.

Item 102 — Include all one-family houses attached. Each unit must be separated from adjoining units by a wall that extends from ground to roof. Also, there are no common heating systems or interstructural public utilities. Each unit is counted as a separate building.

Item 103 — Two-family buildings — Include all buildings containing two housing units which may be one above the other or side-by-side. If built side-by-side, they either (1) do not have a wall that extends from ground to roof or (2) share a heating system or (3) have interstructural public utilities such as water supply/sewage disposal.

Item 104 — Three- and four-family buildings — Include all buildings containing three or four housing units. If built side-by-side, they either (1) do not have a wall that extends from ground to roof or (2) share a heating system or (3) have interstructural public utilities such as water supply/sewage disposal.

Item 105 — Five-or-more family buildings — Include all buildings containing five or more housing units. If built side-by-side, they either (1) do not have a wall that extends from ground to roof or (2) share a heating system or (3) have interstructural public utilities such as water supply/sewage disposal.

Item 109 — Summarize information in items 101 through 105.

Item 112 — Mobile homes (house trailers) — Include only mobile homes for which building permits are issued. A mobile home is defined as a moveable dwelling, 10 feet or more wide and 35 feet or more long, designed to be towed on its own chassis, with transportation gear integral to the unit when it leaves the factory, and without need of a permanent foundation.
